Last evening a large Packard touring car from Pennsylvania was capsized about halfway between Montpelier and East Montpelier near the covered bridge. The car left the road and pitched over a bank but did not seriously hurt any of the occupants. It was necessary to get the Palace garage service car from Barre to the scene to right the car. The road was blocked for quite a while during the evening.

A party of Barre people returning from a fishing trip last night from Victory and coming through St. Johnsbury, tell of an automobile accident about three miles this side of St. Johnsbury, in which a man driving a large car at a high rate of speed struck a culvert and was swerved to one side enough so that he hit a large stone by the side of the road and his machine was capsized and smashed up considerably, damaging the fenders and the top and tearing the tires nearly off the car. Though the car was so badly smashed, the one occupant escaped with only minor injuries and a shaking-up.
